

TECHNICAL DATA SHEET

Lerloy SD-12 Chemical Dispenser – 4 oz HDPE with Stainless Pump

Product Overview: The Lerloy SD-12 is a compact 4 oz precision dispenser designed for industrial environments requiring controlled and clean solvent management. Featuring an anti-spill design and a durable stainless steel pump, it ensures the efficient dispensing of industrial solvents while maintaining workstation safety and reducing fluid waste.

Technical Specifications

FEATURE	DETAILS
Material	High-Density Polyethylene (HDPE)
Pump Mechanism	Stainless Steel
Capacity	4 oz
Design	Compact, anti-spill precision dispenser
Quantity	Box of 12 (New Condition)
